About Leader Prestige

The Leader Prestige features a series of elegant, practical and easy to install curved face profiles. It is available in 5 standard widths, ranging from 94 to 320mm fitted to be used with DIN standard paper sizes as printed inserts. The Leader Prestige offers an exclusive yet elegant wayfinding solution for door signs, table stands, projecting flags, suspended signs and small directories. The Leader Prestige is the perfect choice for your high end sign projects.

The variety of sizes and special designs is endless. The extrusions' design allows the use of a variety of insert materials and decorative techniques. The Leader Prestige features a special channel shape design on the backside of the profiles allowing the use of concealed back plates. This special feature helps you create endless designs like shaped company logo plates as a background, room numbers, etc. This feature can also be used for special hidden installation solutions.

Unique rounded micro snap side clip profiles allow a fast and simple insert change without compromising its elegance. The side clips are offered in 5 spectacular colored anodized finishes: Silver, gold, black, red and blue. They all create a contemporary elegant design.

The variety of sizes and special designs is endless. The extrusions' design allows the use of a variety of insert materials and decorative techniques.

The Leader Prestige features a special channel shape design on the
